Mr Market Miscalculates The Bubble

James Grant's Mr. Market Miscalculates may well be the most perceptive book on the current financial crisis yet published. What is most impressive is that almost all of it was written years before the crisis finally struck in July last year. Grant's views on the markets are well-known and consistent.

Mr. Market Miscalculates : The Bubble Years and Beyond ...

Mr. Market Miscalculates is a collection of his essays published in "Grant's Interest Rate Observer" over the last decade. While most financial writers credulously accept the notion that central banks must regulate economic activity and are mesmerized by the oracular mutterings of Federal Reserve chairmen, Grant treats it all with disdain.

Mr. Market Miscalculates: The Bubble Years and Beyond ...

Mr. Market Miscalculates "The great Beanie Baby bubble" è una lettura veloce e divertente ma molto informativa sulla psicologia delle bolle. Per chi come me non ne avesse mai sentito parlare prima (credo che pochi al di fuori degli US ne fossero a conoscenza), i Beanie Babies sono questi pupazzetti a forma di animali.

Mr. Market Miscalculates: "The great Beanie Baby bubble"

Mr. Market Miscalculates is not an after the fact analysis of the depression, recession, call it what you will of 2007 to ____ (terminal date not yet determined), it is a collection of essays about economic troubles in the making that were published in Grant's Interest Rate Observer between 1999 and 2008.

Mr. Market Miscalculates: The Bubble Years and Beyond ...

The proof is in his recently published book, Mr. Market Miscalculates: The Bubble Years and Beyond." [Complete review: TheFirstPost.co.uk] Brooklyn Heights Press: "Grant's new book is destined to give experts and neophytes alike an 'astute, witty and penetrating' understanding of the tumultuous events of America's bubble era . . ."

Mr. Market Miscalculates - Axios Press

Mr. Market Miscalculates (2008), a collection of Grant's articles published over the preceding 10 years, elicited an appreciative review in the Financial Times. "If Grant could see what was happening this clearly," wrote John Authers of the staff of the FT, "and warn of it in a well-circulated publication, how did the world's financial regulators fail to avert the crisis before it became deadly, and how did the rest of us continue to make the irrational investing decisions that make Mr ...

James Grant (finance) - Wikipedia

Mr. Market always miscalculates and the author of this book predicted the housing bubble that burst last year. This book is a collection of Grant's Interest Rate Observer letters from 1990s to the present economic crisis. He mainly blames human nature for leading us to where we are today.

Mr Market Miscalculates: Amazon.co.uk: Grant, James ...

Mr Market Miscalculates is a series of selected speeches and editorials over the past fifteen years. The Mr. Market term was invented and made famous by the father of value investing, Benjamin Graham. The title describes two eras when Mr Market was irrationally exuberant; during the dot com bubble and the housing bubble.
