Use googly eyes and yarn if you want to make a doll puppet. To turn your paper puppet into a person, glue googly eyes on top of the puppet (the bottom of the paper bag) along with strands of yarn for hair. You can also draw on a nose and lips, glue paper ears on the side, or design an outfit on the bottom half.

5. Choosing the joints: When it comes to making the Joint Field puppet, there are a few different options that you can use. I'm going to go through these now so that then you can decide which type of material you need to get to make your joints. The three options that I'm going to be looking at are blu tack, mini split pins and magnets.

First Steps Into Stop-Motion: Creating a Jointed Cut Out ...
Insert your mini brads (split pins) through the holes and now you have movable joints! After making the joints I moved them around and carefully rounded off the edges in all directions. Once you've reattached all pieces to make move-able joints tape a craft stick to the back of your puppet and then play, play, play!

4- Attach the arms and legs, probably best done by an adult. I'd recommend using a large needle to poke holes at the crosses for the joints. (tip, which you probably all know anyway, get a ball of blue tack or something similar, put this behind the mark then poke the needle through. I actually used a tiny sword) then carefully push the split pins through the holes in the body first, then a ...

The Monster Machine: Monster with movable arms & legs to ...
Joints are the most important part of the armature. The limbs and body just need to be stable and immovable, but joints have to give the puppet the ability to move in a human and natural way. You will have to make joints as if you were trying to recreate a human being; on ankles, wrists, shoulders, elbows, knees, neck etc.
