While articles in the journal Science are especially concise and lack the divisions of a normal scientific paper, Kilner et al. (2004) offers plenty of examples of effective communication strategies that are utilized in scientific writing.

Scientific Writing Made Easy: A Step-by-Step Guide to ...

Although some Science Journals are multidisciplinary, most journals are highly specialized and they publish articles related to specific scientific fields. In an attempt to maintain quality and ensure validity of the research being published, Science Journals subject the articles through a rigorous peer-review process, honoring copyrights.
