Education. Todd received a Bsc in Biological Sciences from the University of Edinburgh (1980), he went on to study a PhD in Biochemistry at the University of Cambridge supervised by David Ellar which he completed in 1983 with a thesis entitled "Penicillin-binding proteins during growth and differentiation of bacilli".

John Todd (British biologist) - Wikipedia

Indeed, as West and Todd 2 state, "Bio chemistry in its broadest aspects is the most comprehensive of all branches of chemistry." It contributes to the other disciplines being discussed here today. Chemical techniques play a leading role in pharmacology, in immunology, in anatomy and in pathology.
